

# Prompt 1

Ultra-detailed high contrast vector poster illustration of a smiling young South Indian couple standing close together, the woman placing her arm on the man's shoulder.

The man has thick curly voluminous hair, short beard and moustache, small earrings and a chain, wearing a casual open-collar shirt.

The woman has long flowing hair, expressive eyes and a warm smile, wearing traditional earrings, necklace and bangles with a saree blouse. Faces rendered in limited monochrome vector shading (black, dark grey, light grey, white highlights only) with sharp hard shadow shapes, no smooth gradients. Strong glowing red rim light outlining the hair, shoulders, arms and clothing, creating dramatic cinematic edge lighting. Minimal composition with a deep pure black background. Bold vector poster shading, graphic novel style, hard edges, high contrast, minimal color palette (black, grey, red only), South Indian hero poster style, ultra-sharp lines, crisp vector artwork, 8k resolution.

# Prompt 2

Transform the uploaded photo into an ultra-detailed high contrast vector poster illustration of a smiling young South Indian couple facing forward. Preserve their exact faces, expressions, hairstyle, pose and clothing. Apply dramatic orange cinematic skin tones with strong red shadows and highlights across the faces and neck. Add intense glowing red rim light around the hair, ears and shoulders. Convert the image into sharp vector artwork with bold graphic shapes, glossy highlights, clean edges and smooth gradient shadows. Use modern South Indian hero poster style similar to graphic novel illustration. Deep pure black background with minimal composition. High contrast lighting, ultra crisp vector lines, dramatic poster lighting, cinematic edge light, stylized digital vector portrait, 8k resolution.

# Prompt 3

Create a 3:4 vertical ultra-clean vector portrait based strictly on the provided reference image. The final artwork must preserve the subject's facial identity with absolute accuracy. Keep facial features 100 percent identical to the original reference image. Do not modify facial structure proportions, skin tone, bone structure, eye spacing, nose shape, Lip shape, jawline, hairline, beard density, or any defining characteristics. Style transformation only. No identity alteration. Convert the portrait into a high-contrast neo-noir vector illustration with the following

specifications: COMPOSITION Tight head-and-upper-neck crop Slightly angled face orientation preserved exactly as reference Strong 2K cinematic framing Large negative space around the subject Centered or slightly off-center placement BACKGROUND Pure solid black (#000000) No texture, no gradients, no noise LIGHTING Dramatic single 30-degree rim Lighting Dominant red/crimson edge Lighting from one side Deep black shadow
